

Multi-Purpose Fire Resistant Bag

A carry bag with handle for documents, laptops and battery packs. Silicone-coated shell, specialty fiberglass lining, fire and water resistant.

Size	28 x 38 cm (11 x 15 in), custom on request
Outer layer	Silicone-coated fiberglass or silicone-coated high-silica
Inner layer	Specialty fiberglass
Carry	Top handle
Brand	FireHush
Base SKU	FH-MLT

About this product

Built like the document bag with a handle and a deeper body, so it holds a laptop, chargers, a power bank, or an e-board battery.

Two shells: fiberglass rated 550 to 1,100 °C, or high-silica rated 1,000 to 1,700 °C.
